About us

Nimco Precast was founded by Late Sh. Vijay Sehgal, a pioneer of the industry, in 1998 with a vision to provide high quality pre-cast concrete products. Despite a humble beginning, Nimco Precast has revolutionized the paver block industry in India with its commitment to excellence & an exceptional level of service.

We have successfully completed more than 2000 projects across 14 states and have earned a reputation for manufacturing innovative, durable and aesthetically designed products.

Our in-house research and testing facilities have helped us in improving standards and maintaining consistency.

Also, this has enabled our endeavour to work for a better tomorrow by envisaging greener products and adopting cleaner manufacturing practices.

Through the years, reputed brands have trusted us repeatedly underlining our ability to deliver on time and beyond expectations. We are sure you would find our products to be a perfect fit with your requirements as well.
